Re: Letter of Support

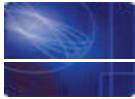

Dear Mr. Blandov:

The Oceano Community Services District has reviewed the April 11, 2016 correspondence from Courtney Howard on "Upcoming RWMG recommendation being taken to the San Luis Obispo County Flood Control and Water Conservation District's Board of Supervisors" and the attached Draft Central Coast Funding Area Memorandum of Agreement (MOA).

At our meeting of April 27, 2016 we acted in support of the draft MOA and support its approval by the Board of Supervisors. Thank you for all of your efforts on behalf of the IRWM program. By separate correspondence, we have also approved the recommendations on disadvantaged community funding.

Sincerely,

Jennifer Blackburn, Director
Oceano Community Services District

Dear Mr. Bandov,

Re: Letter of Support for the IRWM Central Coast Funding Area MOA

The Coastal San Luis Resource Conservation District (CSLRCD) offers this letter of support for the Memorandum of Agreement among the 6 IRWM regions within the Central Coast Funding Area for the sharing of the available Proposition 1 funds for this area. The CSLRCD is an active participant of this county's IRWM Regional Water Management Group, and voted to approve the development of this cooperative agreement. CSLRCD reaffirmed its support earlier this month when the item was considered and voted upon at the SLO County Flood Control and Water Resources Advisory Committee meeting.

The formula used to allocate funds to the 6 regions is based upon mutually agreed-to criteria and is fair. It is anticipated that this approach will allow each region to develop a strong, well developed grant application for consisting of projects that will benefit water resources.

Sincerely,

Jacquelyn Crabb
District Manager
